Kidney Bridge (Manual)

SALIENT FEATURES

- ▶ The eccentrically positioned five section Radio-Translucent table top made of heavy duty Stainless Steel SS304 Grade Sheet arms without cross members, to optimize image intensifier accessibility for both A/P and Lateral Exposures.
- ▶ Operating positions of table top i.e. Height adjustment, Back Section, Trendelenburg, Reverse Trendelenburg and Lateral Tilt are quickly and precisely controlled by handheld Remote with symbolic soft touch buttons.
- ▶ Remote controlled movements are operated by an IMPORTED LINEAR-ACTUATOR to assure smooth and quiet movements.
- ▶ Interchangeable and detachable Head & Leg sections allow full table length use of image intensifier and use of table in different surgical procedures.
- ▶ Head and Foot section are operated manually.
- ▶ Built-in Kidney Elevator – manually operated.
- ▶ Large perineal cut-out for drainage.
- ▶ A strong and sturdy base incorporating four swivel castors with independent locking system ensures stability and smooth floor movements.
- ▶ Easy to clean Stainless Steel SS304 Grade Base and Column cover to minimize infection risk.
- ▶ Stainless Steel SS304 Grade Side Rails and Accessories.
